

## CCAC MSW Knowledge Platform

**CCAC**  
CLIMATE AND CLEAN AIR COALITION  
TO REDUCE SHORT LIVED CLIMATE POLLUTANTS

HOME EXCHANGE PLATFORM RESOURCES OUR WORK

### MITIGATING SLCPS

from the waste sector  
is critical to addressing  
climate change  
in the near term

Welcome to the CCAC MSW Knowledge Platform:  
a tool to promote, share and exchange information and provide outreach resources to support cities and  
governments to reduce [short lived climate pollutants](#)

<http://waste.ccac-knowledge.net/>

## Objective

to provide a widely-available knowledge platform, to disseminate MSW management best practices aimed at reducing SLCPs and foster participation in the CCAC's MSW Initiative.

The platform will act as:

- a central repository/database
- an exchange platform
- an entry point for engagement with the CCAC

## Audience

The main or target audience is city representatives responsible for waste management, national governments and participants involved in the MSW initiative.

## Key features

- HOME                      Event Calendar
- RESOURCES              Document Library  
Database Directory  
On-line training & Webinars
- EXCHANGE              Ask an Expert  
Discussion Forum
- OUR WORK              What Cities are Doing  
Take Action

## Available resources

- Document Library
  - >60 hand select documents
  - 20 topics
- Database Directory
  - 25 profiled
- Ask an Expert
  - 12 experts covering 6 themes
- Discussion Forum
- Online Training & Webinars
  - 1 on SLCPs and Waste Management
- City Profiles
  - partial information for 11 cities
  - 7 completed profiles
- Event Presentations
  - CCAC Meeting Vancouver
  - SLCP & GHG Emission Quantification Workshop
