

CCAC Waste Initiative Network of Southeast European, Middle Eastern, and Central Asian Cities:

Workshop on Work Plan Development – 21-23 March, 2018

Location: University of Novi Sad, Faculty of Technical Sciences, Novi Sad, Serbia

Background:

The objective of this workshop is to launch a focused waste management network encompassing the regions of Southeast Europe (SEE), the Middle East and Central Asia. The network is supported by CCAC and implemented by SeSWA with the objective of fostering informational exchange and outreach to municipalities in these regions, while responding to the demand for knowledge on improved waste management techniques that integrate reductions of Short-Lived Climate Pollutants (SLCPs*).

Objectives:

Workshop presenters will include international waste management experts addressing topics such as organic waste treatment and landfill gas management. Decision making tools designed to assist technical staff with technology selection and investment planning will also be presented. Discussions will conclude with action planning activities designed to allow participants to develop tailored plans that correspond to the needs of their respective municipal waste management systems.

Participants:

Participating cities will include small and medium sized municipalities from developing countries within the regions of SEE, Middle East and Central Asia. Individual participants will include representatives of local self-government in charge of waste management, technical staff of waste management units, in addition to landfill managers and operators from selected cities.

AGENDA:

Wednesday - March 21

18:00 – 20:00 WELCOME DINNER

Participants are invited to a Welcome Dinner where they will have the opportunity to interact with presenters, organizers and other participants, while also learning about a regional example of good waste management in practice

* SLCPs include black carbon (BC), methane (CH₄), tropospheric ozone (O₃), and many hydrofluorocarbons (HFCs), that have a warming effect on climate, and can also be dangerous air pollutants with impacts on human health, agriculture and ecosystems. For additional information on CCAC and SLCPs see: <http://www.ccacoalition.org/en>

CCAC Waste Initiative Network of Southeast European, Middle Eastern, and Central Asian Cities:

Workshop on Work Plan Development – 21-23 March, 2018

Location: University of Novi Sad, Faculty of Technical Sciences, Novi Sad, Serbia

Thursday – March 22 – DAY ONE

Time	Topic	Speaker
9:00 – 9:25	Welcome and Introductions	Serbian Minister of Environmental Protection, Provincial Secretary for Environmental Protection
9:25 – 9:50	Introduction to the CCAC Waste Initiative	Yekbun Gurgoz, CCAC
9:50 – 10:15	Introduction to the Cities Network	SeSWA
10:15 – 11:15	Waste management in Romania Waste management in BiH	Alexei Atudorei, A.R.M.D. Dragisa Marjanovic, BaSWA
11:15 – 11:30	Tea/Coffee	
11:30 – 13:00	Organic Waste Management: Collection and Treatment	Marco Ricci, Altereko Sas, Italian Composting and Biogas Association
13:00 – 14:00	Lunch	
14:00 – 15:00	CCAC Waste Initiative Tools and Resources	Joe Donahue, Abt
15:00 – 15:30	Home composting	Masa Sasic GIZ DKTI IMPACT
15:30 – 15:45	Climate Smart Urban Development Challenge Project	Miroslav Tadic, UNDP
15:45 – 16:00	Tea/Coffee	
16:00 – 16:45	Introduction to Action Plan/Work Plan Process	Chris Godlove, THINKCities
16:45 – 17:00	Conclusions / Day 2 Overview	Goran Vujic, SeSWA

Friday – March 23 – DAY TWO

Time	Topic	Speaker
9:30 – 10:30	CCAC Waste Initiative Tools and Resources	Joe Donahue, Abt
10:30 – 10:45	Action Plan and Work Plan Development - Instructions	Chris Godlove, THINKCities
10:45 – 11:00	Tea/Coffee	
11:00 – 12:15	Action Plan Development	All
12:15 – 13:00	Summary of Action Planning Development	Facilitators
13:00 – 14:00	Lunch	
14:00 – 14:30	Bijeljina Landfill Gas Collection and Use	Dejan Ubavin, FTS
14:30 – 15:00	Advancing packaging waste management system in Serbia - what we are going to do with informal recycling sector	Vladimir Mrkajic, FTS
15:00 – 15:30	Conclusions and Introduction to the 2 nd CCAC Workshop	Goran Vujic, SeSWA
